1. Prolog (I Just Wanna Build a Snowman)

On the night of the first winter, all was well in the small Viking village in the Isle of Berk. The leader (or the chief in this case) of the Hairy Hooligans tribe, Stoik the Vast, and his wife, Valhallarama, ruled the village.

That night, the Vikings slept in peace without fear of dragon raid. All sleptâ€¦ except one.

In the top room of a house on the highest hill, a certain eight years old boy who has white hair and a pair of blue eyes still awake and looked the night sky decorated with stars. Jackson Overland Haddock the First is his name, the first heir of the Hairy Hooligan tribe, and Stoik and Val first son. He walked away from the window and sat on another bed (not his bed) in the room, where his younger brother is sleeping.

"Hiccup," Jack whispered, nudging his younger brother slightly. "Hiccup, wake up."

Hiccup Horrendous Haddock the Third is Jack's five years old brother. Different with his older brother, Hiccup has brown hair and green eyes. He slowly opened his eyes and saw Jack on his bed. "Jack, can't sleep?" Hiccup asked.

"But the sky still awake, so I'm still wakes." Jack replied, flopping dramatically. Hiccup just laughed.

Jack sighed. "Hey, want to see a trick?"

"What trick?" Asked Hiccup, frowning. Jack did tricks quite frequently, most of them not particularly nice.

"Watch this." Jack said as he picked his staff and touched the nearby wall with it. Suddenly frost patterns came out from his staff and freeze the wall.

"Wow." Hiccup gasped. Jack then drew a picture of a bunny and concentrate. The bunny came to live. The frost bunny leaped free from the wall, both Hiccup and Jack's eyes growing wide with amazement when it happened.

"Cool." Laughed Hiccup. Jack also laughed. The younger boy tried to catch the rabbit and when he did , it burst into snowflake. "Whoa. Snow?"

"Yeah!" Yelled Jack.

"Since when you have this power?" Yelled Hiccup.

"I don't know." Yelled Jack back.

"It's awesome." Yelled Hiccup again.

"Hey, watch this." Called Jack as he jumped out of Hiccup's bed and stand on the floor. Then he slammed his staff on the ground and frost came out and covered the room. Unfortunately, Jack is still an amateur, he still couldn't control his power. One of his spark of frost hit Hiccup on the head.

Jack only can watch in horror as Hiccup crumpled to the floor. He threw his staff, and ran toward Hiccup. He can saw some of Hiccup brown hairs changed into white like his.

"Hiccup, HICCUP WAKE UP!" Shouted Jack, shaking his little brother awake. "MOM! DAD!"

The children's parents inmediately ran to their room. Val saw Hiccup in Jack's hand unmoving. With a cry, she gathered the unconcious boy in her arms, pulling him close to her heart.

"He's ice cold," she said, looking to Stoik. "What do we do?"

"I think I know somebody who can help," he said, picking Hiccup up, and Val hugged Jack. "But we must hurry."

Stoik, Val, Jack and Gobber ran toward healer Gothi. Once they arrive, Gothi immediately check the young boy. Then she write on the sand, Gobber looked at the writing.

"What did she say?" Asked Stoik.

Gobber read Gothi writing and look at Stoik. "She said that Hiccup is fine cause it hit on his head. If it hit his heart, he won't be heal." He saw Gothi writing again and read it. "But in exchange, she'll erase every Hiccup's memories about Jack power."

"What about my power?" Asked Jack.

Gobber read Gothi's writing. "She said you have to find a way to

control it, if not it'll be dangerous."

"He will." Said Stoik while hugging Jack. "But before he's able to control his power..."

Tell the villager to build a tower deep in the forest where nobody or dragons can find it. Jack will stay there, for everybody and his safety.

Hiccup looked at the window as he saw Jack walk with his father and mother. Hiccup didn't realize that Gobber is bringing Jack's young brown haired boy thought that they just went for a walk, but when he saw his father and mother came back without Jack, he felt really, really sad.

.

That morning, luckily there's no dragon raid, Hiccup woke up and open his window and saw snow everywhere. He sighed.

_Hiccup (5-Year-Old): _

I just want to build a snowman

Just want to go and play

I never see you anymore

I'm feeling bored,

Because you've gone away

We used to be best buddies

And now we're not

I wish you could just come back

I just want to build a snowman

It doesn't have to be a Snowman

I miss Jack

Meanwhile, Stoik and Val often to visit Jack's tower to saw his progress. Val has made a pair of mittens (or gloves). And both of Jack's parent always remind him to 'conceal, don't feel.'

.

Four yeas later, dragon raid staring to increase, and now nine years old Hiccup, who wanted to go out and help, have to stay home.

_Hiccup (9-Year-Old): _

I just want to build a snowman

But can't because the dragon raid

I think some Viking is overdue

I've started talking to

The pictures that I painted

(Nice hammer, Thor!)

Our house is getting lonely,

When you're not here,

Just watching the days pass by

(five, four, three, two, one, SUNSET)

Meanwhile, at Jack tower, he still couldn't control his power. Even Stoik has give up.

.

After the war between Vikings and dragon is over (with Val die in the war, and Hiccup lost his leg), Stoik was going to go the the anual Shivering Shores. But both Hiccup and Jack could feel something bad going to happen to their father. And they're right. In the middle of Stoik journey, there was a great storm, that made Stoik boat sink with all the passanger on it, including Stoik himself.

After the funeral, now fourteen years old Hiccup looked out side his window and sighed.

_Hiccup (14-Year-Old): _

Jack,

Please I know you're out there,

People are asking where you've been,

They say "have courage";

And I'm trying to,

I just really miss you

Just let me know

We only have each other

It's just you and me

What are we gonna do?

I just want to build a snowman

Jack himslef still crying because of his mother and father die, and his power that he still couldn't control.

Not only that, now that the former chief is gone, Jack, as the first born of the Hairy Hooligan tribe have to become the chief, first

thing in the morning.

2. For the First Time since Forever

The sun rise up, but Hiccup still asleep as Toothless nudged his cheek with his scaly nose. Not a few second later, Hiccup blinked slowly and opened his eyes to see Toothless blinking at him.

"Morning, bud." He said as he pet his dragon. "What is it?"

Toothless shook his head and pick up Hiccup's helmet and gave it to the owner.

"My helmet?" He asked he looked at his dragon and back to his helmet. His eyes widened. "THE CORONATION!"

He hurried up to change his robe into his green long sleeve tunic, dark green pants, brown boot, and brown fur vest. Then he excitedly open his window.

_Hiccup: _

I'm so excited, more than before

Open your window and also the door

This day finally come just like my wish

He took his time to look the view. Then, Hiccup wore his helmet and ran down stair.

Hiccup:

Everyone will come to the Great Hall

Dragon and Vikings will held a ball

Finally I can see the one I miss

Vikings will come from other land

It'll be totally strange

But wow, am I so ready for this change

Hiccup, with Toothless tailing behind him, opened his house's door and walked proudly through the village and smiled at all the people he saw. Everybody (instead of wondering) glad to see their second heir happy.

Hiccup:

' Cause for the first time in forever

There'll be music, there won't be fight

For the first time in forever

I'll be staying up all night

Don't know if I'm nervous or happy

But I'm somewhere in that zone

Cause for the first time in forever

I won't be alone

"Hey, Hiccup." Hiccup turned his head and saw Astrid and Fishleg walking with their dragon, Stormfly and Meatlug, behind them.

"Hey, Astrid, Fishleg." He said grinning.

"What's up with the happy face?" Asked Astrid as she did a little laugh.

"He'll come back." Said Hiccup grinning again.

"Who?" Asked Astrid again. Hiccup just smile widely, and both Astrid and Fishleg understand.

"Oh, your brother." Said Fishleg

Hiccup just smile and pointed at the sky. Coincident, Snotlout flew pas the sky on Hookfang, so it likes Hiccup is pointing at Snotlout.

_Hiccup: _

Tonight he'll come and never leave

Then we will held a grand feast

I can imagine his cape made of silk

He'll be riding on his mighty dragon

He'll look so brave and look handsome

For me, I won't drinking again yak milk

Astrid giggled and asked, "Are you saying that Snotlout is your brother?"

"Did somebody called my name?"Asked Snotlout as he land and jumped off Hookfang.

"Oh nothing." Siad Astrid as Fishleg giggled.

"Hey," Whispered Tuffnuff (appeared from nowhere) to Hiccup. "Are you really not going to drink yak milk?"

"Umm, yeah?" Answered Hiccup hesitates.

"Gee, I wish I can be like you." Said Ruffnuff (appeared from nowhere). Hiccup doesn't care. He jumped on Toothless and adjusted them.

Hiccup:

And then we laugh and talk all evening,

Which is totally bizarre

Nothing like the life I've lead so far

Then, leaving everyone behind, Toothless jumped into the air and started to fly.

"We can't let him have the sky for himself." Said Astrid smirking. She jumped on Stormfly followed by Snotlout, Fishleg, and the twins on their own dragon. "Let's go, gang."

With that, they took off to the sky, following Hiccup.

Hiccup:

For the first time since forever

I can be with him again

For the first time since forever

We can start from the begin

And I know I'm so lucky

To have a brother like him

But for the first time since forever

Easier than it seems

Meanwhile, deep inside the wood, in a hidden tower, a seventeen years old teen was looking at his mirror. Jack slowly looked away from his reflection and walked toward his father's portrait.

_Jack: _

Don't let them in, don't let them see

Be the good boy you always have to be

He removed his gloves and practiced holding a shield and an axe, the symbols of Viking, with his toy shield and axe.

Jack:

Conceal, don't feel, put on a show

Make one wrong move and everyone will know

Jack turned around and pretended to be in front of the audience. But, something inside him to remember the time he almost freezes Hiccup, and realizes the toys were freezing. He quickly put the toys away.

While Hiccup did a perfect angle when he dives.

_Jack: _

But it's only for today

_Hiccup: _

Today is the big day

Jack put on his gloves again. Hiccup did a loop-de-loop.

_Jack: _

It's agony to wait

_Hiccup: _

It's agony to wait

Jack opened his tower's window widely. While Toothless started to do a spinning.

_Jack: _

Tell the man to pick me up

_Hiccup: _

Pick up

Hiccup did a fall. Jack wore his cape.

_Hiccup: _

For the first time since forever

_Jack: _

Don't let them in, don't let them see

Toothless perfectly catch Hiccup on his back. Jack picked up his staff.

_Hiccup: _

All my dreams, I'll get it all

_Jack: _

Be the good boy you always have to be

Hiccup flying high until he pass the clouds. Jack walked toward the window.

_Hiccup: _

A chance to change my lonely world

_Jack: _

Conceal

Toothless lead Hiccup to a perfect angle-dive again and took off to the sky again. Jack spotted a Viking riding a dragon, and he pulled his hood up.

_Hiccup: _

Even if it's really small

_Jack: _

Conceal, don't feel, don't let them know

Hiccup leaded toothless across some obstacle, and pass all of it.

_Hiccup: _

It won't happen tomorrow,

So it has to be today

' Cause for the first time since forever

For the first time since forever

Nothing's in my way!

Hiccup stood up with his hand in the air. Toothless,in his own glee, shot a fire blot ahead of them, forming a ring of fire.

"TOOTHLESS! NOT AGAIN!" Shouted Hiccup before both dragon and rider fly right into it. Meanwhile the other teen just look from afar.

"Ouch." Winced Astrid. "That's gonna leave a mark."

"Hey, let's make a burn mark like that." Said Tuffnuff nudging his sister.

"Oh I like the sound of that." Said Ruffnuff, giving his brother a thumb-up.

3. New Chief of Berk

As tradition in Berk, the new chief coronation will held in the Great Hall at sunset. And that what's happen.

Every Viking in Berk gathered up in the Great Hall, and in the middle of the hall stood Jackson Overland Haddock the First, the heir of the Hairy Hooligan tribe. Not far from the young future-chief, standing his little brother Hiccup Horrendous Haddock the Third who kept smiling. In front of the future-chief, there's a small table that has an axe and a shield.

Jack was about to pick the axe and shield when Gobber, who's behind

him every time, touched his shoulder and whispered, "Jack, the gloves."

Jack's eyes widened, but he slowly took of his brown gloves, put it on the table and picked up the shield and axe. Some Vikings picked up the table and moved it away, making Jack panic because gloves still on the table. Gobber told him to face the crowd and kneel down. The village's blacksmith them took a helmet held it up.

"By the power vested in me by Odin, Thor and the gods that watch over us," Spoke Gobber in a clearly as he putted the helmet on Jack's head. "I hereby proclaim thee. Rise!"

Jack rose up from his kneeling position and opened his eyes. He can see everyone's eyes are watching him. He suddenly has a weird feeling. Fear. He took a small glance at the axe and shield. Even know his face was calm, but to be honest, he was panicking. The axe and shield starting to freeze. Jack fear that everybody will know about his power, especially his little brother.

"Jackson Overland Haddock the First, chief of the Hairy Hooligan tribe." Spoke Gobber. The crowd cheered and clapped, especially Hiccup, he clapped the loudest.

After the coronation, there's a great feast and party. Jack quickly searches for his gloves. He let out a sigh of relieve when he saw his gloves still on the table earlier. He put his axe and shield, and then put on his gloves without anyone notice.

After that, he walked around the hall smiling at everyone he saw. He smile widened when he saw his brother was sitting in the corner of the hall with his dragon. Jack wanted to make up with him, since it's almost eleven years, maybe more, he hasn't talk to him.

Hiccup was sketching some picture when somebody touched his shoulder. He could hear Toothless purring. Normally he would growls. He looked up and saw his big brother.

"Hey." Said Jack as he waved his hand.

"Hey." Replied Hiccup as he stood up and dusting himself.

Jack sighed as he looks around. "So this is what a party looks like, huh?"

"Yeah, I guess." Said Hiccup also looking around. "Well, Vikings rarely had a party. We fought dragon."

"But you stop the war." Said Jack. Hiccup laughed. Their nose suddenly caught a lovely smell.

"What's that smell?" Hiccup asked as he closed his eyes and took a deep breath.

"Could it be?" Said Jack as he did the same.

"Ms. Maurice's special pastry!" Yelled both of the boys. They looked at each other and chuckled. They walked up toward a lady who bought a big basket in her arm. Ms. Maurice looked at the two boys and smiled

"Well," Said the lady. "I guess the young chief and the dragon trainer want some pastry."

"Yes, please." Said Hiccup. Ms. Maurice smiled and took two pastries from her basket and gave it to the boys.

"Enjoy, Hiccup, Jack." Said the lady. Jack and Hiccup nodded as saying thank you. Hiccup led Jack to seat near Toothless as they eat their pastry.

"Isn't this fun?" Asked Hiccup.

"Yeah, it's been so long, isn't it?" Said Jack as he fixes his gloves.

"Yeah, now we can hang out together again." Said Hiccup with full of excitement. "Hey, as the chief and my big brother, you must meet my friend."

"Friends?" Asked Jack back.

"Yeah." Said Hiccup again as he eats his last piece of his pastry. "Then, we'll ride dragon together, or play in the snowâ€¦"

"Snow?" Asked Jack again. His eyes widened, remembering of his power that he couldn't control. He saw some of Hiccup's hair that changed white because of him. Jack stood up and started to walk away.

"Jack," Called Hiccup as he also stands up. Jack stopped his track. "What's wrong?"

"I- I have to go."

"Go? Go where? You're home."

"I'm not home." Jack turn away and said to Gobber who's standing near him. "The party is over, take me back to my tower."

"What?!" Yelled the younger teen. He grabbed Jack's right hand, but instead the glove slipped out of Jack's hand. "Jack, don't leave!"

"Hiccup, my glove!"

"Please, Jack. I don't want to lose you anymore."

"Hiccup, this is for your own good."

"Jack, I don't understand."

"Enough, Hiccup!"

"WHAT ARE YOU AFRAID OF?"

"I said, ENOUGH!" As Jack stomped his feet, frost covered the whole floor, making some Vikings slip over, including Hiccup.

"Sorcerer." Said Mildew, one of the Viking, as he trying to stand up,

but only lead him to fall over again. "I knew it."

Hiccup rubbed his butt. He looked at his older brother. "Jackâ€¦"

Jack shook his head. Fear starting to fill him. He ran toward the hall's door and opens it. He can still hear his brother calling for him. He kept running outside and the storm getting harder. Suddenly, he felt the wind getting stronger and his feet left the ground. He's flying! Jack looked below and saw his brother standing, shivering. He (unconsciously) controlled the wind and flew as far as he can could.

A/N Okay, this is my new FanFic based on "Frozen". I've just watch it last month and I'm totally like it. Oh, I forget to mention in my last chapters.

(Clear throat) I DON'T OWN HTTYD, ROTG, AND FROZEN (also Tinker Bell, for the next chapter) (I changed some of the lyrics in all of the song and only gonna use "Do You Wanna Build a Snowman", "For the First Time in Forever (also the reprise)" and "Let It Go", because those are my favorite song)

4. Let It Go!

"JACK!" From the ground, Hiccup shouted at the top of his lung. But his elder brother couldn't hear him.

"Awkward." Said Tuffnuff (not helping the situation). Astrid punched him on the shoulder. "OW, my shoulder! Hey, I like it. You hit better than Ruffnuff." Then, Ruffnuff kicked his knee. "OW, my knee-cap! Hey, you're both good."

"So the rumor is true." Said Mildew. Everybody (including Hiccup) looked at the old man. "I've told you all."

"What rumor?" Asked Fishleg.

"That one of the member of the Haddock family is cursed. And there he went."

"Jack is not cursed." Yelled Hiccup. "Maybe he learns magic or something."

"That's exactly what I mean." Yelled Mildew pointing at Hiccup. Toothless walked near Hiccup. The boy looked at his dragon, who has a thick fur coat in his mouth. Hiccup nodded. He wore the coat and immediately jumped on the saddle.

"Hiccup," Called Astrid. "Where are you going?"

"To find Jack." Said Hiccup as he grabbed Jack's staff that his brother left from Tuffnuff who used it as a backscratcher.

"We're coming with you." Said Astrid.

"No, you need to stay here." Said Hiccup stopping her. "It might be dangerous."

"And letting you risk your life?"

"Astrid, the village needs all the help they can get. If the snow getting harder, try your best to keep the people warm."

"What if he hurt you?" Asked Fishleg.

"He's my brother. He'll never hurt me." Answered Hiccup.

"Yeah, right." Said Snotlout, crossing his arm in front of his chest. "I bet he's the nicest person on earth."

Ignoring Snotlout words, Hiccup (on Toothless) took off to the sky.

"Why you don't have any supernatural power?" Asked Tuffnuff to his sister.

"What about you? Do you have?" Asked Ruffnuff back.

"Of course, I have!" Said Tuffnuff proudly. But then he scratch the back of his head, confused. "Wait, what do I have?"

In a deserted island which covered in snow, a figure flew and landed on the ground. Jack walked on the snowy ground. He looked around only to saw nothing. He kept walking, slowly making his way upward.

_Jack: _

The snow glows white on the mountain tonight

Not a footprint to be seen

A village of isolation

And it looks like I'm the chief

The wind is howling like this swirling storm inside

Couldn't keep it in, Vahalla knows I've tried

Don't let them in, don't let them see

Be the good boy you always have to be

Conceal, don't feel, don't let them know

Well, now they know

Jack glared at his left glove. He ripped off the glove and threw it in the air, allowing the wind to sweep it away. He started to creating waves of snowflakes, swirling around them with his hand and made a snowman out of nowhere.

Let it go, let it go

Can't hold it back anymore

Let it go, let it go

Turn away and slam the door

He made a river of ice on his left and right. Jack had a wide smile on his face as he unclipped his brown cloak, moving on not caring as it flew away to who-knows-where.

I don't care what they're going to say

Let the storm rage on

The cold never bothered me anyway

Jack turned around and ran up the snowy hill.

_It's funny how some distance _

Makes everything seem small

_And the fears that once controlled me _

Can't get to me at all

He approached a small crevice, but he solved that problem by creating a frosty bridge that looked like it couldn't hold his weight but as soon as he stepped on it a small area turned to study ice.

It's time to see what I can do

To test the limits and break through

No right, no wrong, no rules for me

I'm free

As he ran through the bridge, it extended and turned into a very beautiful stairway that connected the two pieces of land together.

Let it go, let it go

I am one with the wind and sky

Let it go, let it go

You'll never see me cry

Here I stand and here I'll stay

Let the storm rage on

Jack stomped his foot on the ground and a giant shape of a giant shape of a snowflake, he made a hand gesture making the walls rise. He started to move his staff in rhythm and soon frost covered the walls and the ice on the top formed a chandelier.

My power flurries through the air into the ground

My soul is spiraling in frozen fractals all around

And one thought crystallizes like an icy blast

Jack grabbed his helmet. He remembered about Hiccup. But now he's here, he cannot hurt Hiccup or anyone again.

I'm never going back, the past is in the past

He mess up his hair, and kicked off his boots. He moved his hand and his brown shirt changed into a blue sweeter with a hoodie. Once he's done, he walked out the balcony.

Let it go, let it go

And I'll rise like the break of dawn

Let it go, let it go

That perfect boy is gone

Here I stand in the light of day

Let the storm rage on

The cold never bothered me anyway

Jack pulled up his hoodie and walked inside proudly, slamming the ice door shut.

Hiccup and Toothless flew through the storm. The longer they flew, the stronger the storm. A storng wind blew toward them, knocking down Hiccup's helmet.

"Toothless!" Hiccup shouted to his dragon. "We need to find shelter. A cave maybe." Toothless looked around. His pupil widened when he saw something.

"You found something, bud?" Asked Hiccup. Hiccup eyes widened when he saw a cave nearby. "Good, bud. Let's go!"

Hiccup steered Toothless toward the cave and landed safely. He peeked and saw a fire. Someone's in there.

"HEY!" Suddenly a face appeared in front of Hiccup. The second heir screamed and fell on his back. Toothless growl at the figure. Hiccup took a careful look at the figure. It was actually a girl, around his age or maybe one year older. She has black hair and brown eyes.

"What are doing out here?" Asked the girl. "Come on in."

Hiccup exchanged glance with Toothless then walked into the cave. Inside, he saw the girl sitting near the fire and leaning against a blue Deathly Nadder. The girl smiled at him, gestured him to sit. So, the boy sat. Toothles sat near his best friend.

"This blizzard comes out of nowhere, you know." Said the girl while watching the blizzard though the mouth cave. "Pretty nasty." The girl looked at Hiccup. "By the way, my name is Fortuna." The Nadder behind Fortuna purred. "And this's my Deathly Nadder, Blue."

"I'm Hiccup." "And this is Toothless, my Night Fury dragon."

"Wait. Hiccup? Hiccup Horrendous Haddock the Third?" "Berk's heir?"

"Second heir, to be exact."

"Second? I thought there's only one heir."

"No," Hiccup shook his head. "I have a brother, actually. He has some sort of 'supernatural-power'."

"Wow,"

"What about you?"

"Well, I'm just some random girl who loves adventure. Tomorrow, I'm going to the White Island."

"White Island?"

"Yeah."

"Can I ask you something?" Asked Hiccup. Fortuna only nodded. "Do you think there's something magical happening there?"

"Well, there's only one way to find out, right?" Fortuna stood up and walked to the cave entrance. Hiccup followed her and stood beside her.

"I hope this blizzard doesn't get worse." Said Fortuna.

"This isn't a blizzard." Said Hiccup. "That's my **brother**."

A/N; Man, I've been waiting to write this chapter. I just love 'Let It Go'. Okay, I'll try to make NOT HiccupxOC, since Hiccup already have Astrid. (Even though I ship Hiccunzel).

I don't own anything, only my OC.

5. Meet Olaf (In Summer)

The sun finally rise when Hiccup got out from the cave where he slept last night which was very cold even thought Fortuna and Toothless made a fire last night. The boy looked at his surrounding. He never knew that snow can be so beautiful. He felt somebody touched his back. He turned and saw Toothless. Hiccup then pet his dragon's head.

"Hey, Hiccup." Hiccup and Toothless turned to see Fortuna holding Jack's staff, offering Hiccup to take it. "Is this yours?"

Hiccup nodded and took the staff from the girl's hand. He looked at the staff. It's like an old shepherd staff, what so magical about it?

Suddenly the staff glowed, making Hiccup to dropped the staff. Toothless seemed surprised when he saw his master surprised for no

reason and dropped the staff (he didn't notice). Hiccup slowly picked up the staff again, but this time it didn't glow.

"Are you ready to go to 'White Island'?" Hiccup looked at Fortune when was ready with her Deathly Harder, Blue, and an exciting grin on her face.

"Yeah." Said Hiccup smiling. "Wait. Do you know where 'White Island'?"

"Of course." Fortuna walked toward Hiccup and stood beside him where they can see the sea. "See that island glowing over there?" Asked Fortuna as she pointed to an island that (for some reason) glowing. Hiccup nodded and looked at Fortuna again. "That's 'White Island'."

.

They've been flying for hours. Believe it or not, both Toothless and Blue were getting tired. Hiccup turned to Fortuna who was busy looking at her map and mumbling, "It should be around here somewhere."

The boy sighed, if it continues like this, they'll never found the 'White Island'. Of course he didn't realize something weird.

Fortuna glanced at Hiccup and noticed. "Hey, Hiccup. Does your stick often glow?"

"Glow?" Hiccup looked at his brother's staff in his hand. It definitely glowing.

"I wonder." Hiccup muttered. He pointed the staff to the right, but the staff stopped glowing. He then pointed to the left, it started to glow again.

"Something tells me it come from that direction."

.

They flew, and flew, and flew, and flew. Until...

"There it is!" Shouted Fortuna when they saw a snowy island. "White Island."

Hiccup couldn't help but smile. "I'm coming, Jack. I'm coming."

.

They decided to walk once they landed, because Toothless and Blue needed to take a break from flying. Using Jack's staff, Hiccup and Fortuna ended up climbing up the mountain on the island.

Toothless and Blue played in frozen raindrops on the tree, while Hiccup and Fortuna enjoyed the beautiful scenery.

"Wow, I never knew winter can be so beautiful." Said Hiccup. "Last time I remember I almost froze me to death."

"How come?" Asked Fortuna.

"Well, that time the animal ran away because they were affraid of dragon, so we had to find them all. But we ended up stuck in the strom which was really hard. Lucky for us, the dragons have some incredible instincts to protect us and the animal. Since then, the animal are not affraid of dragons."

"Wow, that's one brave thing to do."

"But then." Hiccup sighed. "Wow, this is amazing."

"Yeah! It really beautiful, isn't it?" Hiccup and Fortuna looked behind them only to saw Toothless and Blue both tangled (HA!) in frozen raindrops, looking at them confusedly. They started to look around for the mysterious yet childish voice. "But it's so white! How about a little color? I'm thinking maybe some red, orange, and yellow! No, not yellow, yellow in snow? He he he."

They looked between them just at their feet and gasped. A walking-and-talking snowman. Now, it turned to Fortuna. "Am I right?" It asked. Fortuna screamed and kicked the snowman head and landed in Hiccup's hands. "Hi!"

"You're creepy." Hiccup tossed it back to Fortuna.

"I don't want it!" Fortuna threw it back to Hiccup and started to play toss-and-catch.

"Whoa, back at you!"

"It's just a head!"

"Please don't drop me!" Pleaded the snowman. "We got off to a bad start."

"Gross, the body!" Hiccup threw the head back at the body.

The snowman's head smahed back, but upside-down. "Wait. What am I looking at right now? Why are you standing upside down like a bat?"

"Alright, wait a second." Hiccup knelt down, took its head and placed it right side up.

"Oh! Thank you!" Said the snowman.

"You're welcome."

"Now I'm perfect!"

"Well, almost." Said Fortuna. She searched up in her small bag and took a carrot (that for some reason she brought it). She knelt down beside Hiccup and pushed the carrot at the snowman's face.

A little bit to hard.

"OW!"

"Sorry. Are you okay?" Asked Fortuna while Hiccup winched.

"Are you kidding me? I am wonderful!" Yelled the snowman happily. "I always wanted a nose! It's so cute like a little baby unicorn." Fortuna took the chance to pushed the carrot.

"Oh! I love it even more!" Giggled the snowman. "How about we start over? Hi, I'm Olaf. And I like warm hug!"

Hiccup stared at Olaf for a minutes. "Did... Did Jack made you?"

Olaf stared at Hiccup and asked, "And you are?"

Hiccup quickly smiled. "Oh! I'm Hiccup." He then pointed at Fortuna. "And that's Fortuna." Then pointed at Toothless and Blue. "And those are Toothless and Blue."

Fortuna touched Olaf arm. "How does this work?" She muttered, but the hand accidentally snapped of the body and slapped Fortuna across the face.

"HEY!"

"Stop it, Performa!" Said Olaf as he put back his arm.

"It's Fortuna." Fortuna muttered.

Hiccup laughed. "Listen, Olaf. Do you know where Jack live?"

"Ya, why?"

"Can you take us to him?"

"Ya, why?"

"Umm... We need Jack to bring back Summer."

Olaf gasped happily. "Summer? I don't kniw why, but I always loved the idea of summsr, the sun, and all things hot."

"Really? I'm guessing you don't have much experience with heat." Said Fortuna.

"Nope, Varuma."

"Fortuna!"

"But sometime I like to close my eyes and imagene when summer does come."

Olaf:

Bee will buzz

Kids will blow dandelion fuzz

And I'll be doing whatevar snow does in summer

A drink in my hand

My snow up against the burning sand

Probably getting gorgeously tanned in summer

I'll finnaly see a summer breeze blow away a winter storm

And find out what happens to solid water when it gets warm

And I can't wait to see

What my buddies all think of me

Just imagene how much coller I'll be in summer

Dah-dah, da-doo, a-bah-bah-bah bah-bah-boo

The hot and the cold are both so intense

Put 'em together, it just makes sense!

Rrr-raht da-daht dah-dah-dah dah-dah-dah dah dah doo

Winter's a good time to stay in and cuddle

But put me in summer and I'll be a... Happy snowman!

When life gets rough, I likd to hold on to my dream

Of relaxing in summer sun, just lettin' off steam

Oh, the sky will be blue

And you guys will be there too

When I finally do whay frozen things do in summer!

Both Hiccup and Fortuna, and also their dragons exchange looks.

"Somebody got to tell him." Whispered Fortuna to Hiccup.

"Someday, someone will." Whispered Hiccup back. "But, maybe not us."

Olaf:

IN SUMMER!

Finally done! Only about two more chapter left.

By the way my 'ROTBTD! Legend of Zelda!style' fanfic will be officially publish after this and 'Hiccup and the Spirit of Winter' finish.

6. Brothers

Olaf led the two teens and their dragon to a gigantic ice castle. "Wow!" They all gasped (dragon has their own way to gasp), except Olaf. Hiccup and Fortuna left Toothless and Blue at the bottom. Olaf

led Hiccup and Fortuna up the stair.

Fortuna whistled and commented, "Now I know how Cinderella felt when she first time at the Prince's castle."

Hiccup turned to looked at Fortuna. "Who's Cinderella?"

"You know, the girl who lived with her stepmother and stepsisters and found her prince." Fortuna looked at Hiccup, confusedly. "You seriously never heard about it? It's a famous story."

"We vikings never heard that story." Hiccup stopped his track. His green eyes were lock to Fortuna's brown ones. "You're not from here, are you?"

"Maybe..." Said Fortuna taking a step down, with a smirk on her face. "...Maybe not."

They stared at each for some second before continue to walked up the stair where Olaf was waiting or them at the top. They walked up to the castle gigantic ice door, and Hiccup raised his hand to knock, but he didn't knock it.

"Knock." Said Olaf, but Hiccup didn't move from his position.

"Just knock." Said Olaf again, but the boy didn't move again

"Why aren't you knocking?" Olaf turned to Fortuna. "Do you think he forgot how to knock?"

Finally, after took a deep breath, Hiccup knocked the door. The door suddenly opened, like magic. Hicup turned to Fortuna and Olaf. "Maybe, you guys should stay here."

"Why?" Whinned Fortuna. " I want to see inside. I'm getting curiouser and curiouser."

"I'll be fine. Just give me a minute." With that, Hiccup walked inside the castle. Olaf and Fortuna sat on the floor, counting to sixty, "One, two, three, four..."

-/-

Hiccup walked in farther, finally taking in all the beauty in the palace. It had tall silver columns and huge crystal staircases. Hiccup turned in a slow circle, wanting to see everything. "Whoa..."

"Hiccup?"

Whriling around, Hiccup saw his brother, Jack, stepping out from the shadow at the top of the stairs. "Jack!"

"What are you doing here?" Asked Jack. "How did you find me?"

"Olaf showed the way." Answered Hiccup.

"Olaf? The snowman? He's alive?"

Hiccup got closer. "Of course he's alive. Also your staff helped

us."

"My staff, you have it?" Asked Jack smiling, but he stepped back. "I thought I left it at- wait what do you mean 'us'?"

"Me, Toothless, and Fortuna, a strange girl who helped me at the begining, and her Nadder, Blue." Hiccup reached at the bottom of the stairs where Jack stood at the top.

"Jack?" He said. "Please, come home to Berk with me. We can be like we use to before..." Hiccup took a deep breathe and let it out as he said, "... You left Berk for the first time."

Jack looed confused. "Left Berk for the first.." He gasped. He rembered how he hurt Hiccup, that's why he left Berk and lived in a tower in the middle of Berk's forest, where nobody could find him, including Hiccup.

Jack backed up worriedly. "Hiccup, you need to go." He then turned around and ran up...more stairs.

Hiccup followed Jack as he shouted, "You don't have to protect me. I'm not afraid!"

Hiccup:

Please don't leave me again, Jack

Please don't slam the door

You don't have to keep you distance anymore

'Cause for the first time since forever, I finally understand

For the first time since forever, we can fix this hand to hand

We can fly off this island together!

You don't have to live in fear

Once they reached the top floor of the castle, Jack turned to see Hiccup.

Hiccup:

'Cause for the first time since forever

I will be right here

Jack smiled sadly at his little brother.

Jack:

Hiccup

Please go back home

Your live await

Just go and fly with your dragon, mate!

"Yeah, but-" Hiccup stopped as Jack cut him off

Jack:

I know!

You mean well, but leave me be

Yes, I'm alone but I'm alone and free!

Just stay away and you'll be safe from me

Hiccup:

Actually, we're not

Jack:

What do you mean you're not?

Hiccup:

I get the feeling you don't know

Jack:

What do I not know?

Hiccup:

Isle of Berk is in deep, deep, deep, deep...

Snow

"What?"

"You've kind of set off an eternal winter... Everywhere." Hiccup said as he tapped both of his index-finger.

"Everywhere?" Jack started to panic. Suddenly a small blizzard is forming inside the room.

"It's okay, you can just unfreeze it!" Said Hiccup, trying to calm him down.

"No, I can't." Jack stared down at his hands. "I don't know how!"

"Sure you can! I know you can!" Shouted Hiccup. The blizzard-inside is getting heavier.

Hiccup:

'Cause for the first time since forever

Jack:

Oh... I'm such a fool! I can't be free

Hiccup:

You don't have to be afraid...

Jack:

Can't escape from the storm inside me!

Hiccup:

We can work this out together!

Jack:

Just can't control this curse!

Hiccup:

We'll reverse the storm you've made!

Jack:

Hiccup, please, you just make it even worse!

Hiccup:

Don't panic!

Jack:

There's so much fear!

Hiccup:

We'll make the sun shine bright!

Jack:

You're not save here!

Hiccup:

We can face this thing together!

Jack:

_NO!_

Hiccup:

We can change this winter weather!

Jack:

_AH!_

Hiccup:

Everything will be all right...

Jack:

I CAN'T!

Jack let out the snows, winds, and ices. One of them, struck Hiccup's chest. The younger teen clutched his chest and fell down. Jack turned around when he heard Hiccup fell. Jack lifted a hand to his mouth. "No..."

Jack knelt down and pulled his little brother to him. Hiccup opened his eyes for a second before he close it again and he went limp. Jack eyes started to get waterry, and the white haired teen started to sob.

"Hiccup..." He whispered between his sobs. "I'm so sorry..."

"I have to say, you are very interesting." Jack head shoot up and frantically searched the room, but saw no one. "Your fear is really strong."

"Who's there?! SHOW YOUR SELF!" He shouted, hugging Hiccup even more to protect him.

"My pleasure, You Majesty." Jack quickly turned his head toward the corner of the room. A pile of black sand (which Jack has no idea how those get in there) formed into a man in black.

-/-

Meanwhile, Fornuta and Olaf is still wating outside. The girl is getting worry about Hiccup and what took him so long in there. Olaf looked at the sky and tapped Fortuna on her shoulder, without looking at the girl. "Look, Takuma."

Fortuna groaned. "Fortuna..."

"I think a strom is coming up." Fortuna looked at Olaf the looked at the sky. She could saw a black cloud started to covered above the ice castle.

"That's not a storm cloud." She muttered. Fortuna stood up and looked at the 'cloud' again. "Black sand..." Her eyes widened. "Hiccup!"

-/-

"Who are you?" Jack asked to the strange man who walks closer toward him and Hiccup.

"I known by many name." Said the man with an evil smile. "But you can call me 'The Boggeyman'."

Jack gasped. Of course he knows the Boggeyman, the monster who lived under your bed. But he never wish to meet him in person. "The... Boggeyman?"

-/-

Fortuna took out a ball of rainbow jewel from her bag on Blue's saddle. Ealier he took out a bow with a crystal on the middle of it and Hiccup's staff. "I hope this work." She muttered. She threw the rainvow-jewel toward the snowy ground. Suddenlly, colourful lights, covered the sky.

"Please be on time." She whispered. She quickly dashed up the stair and into the castle, with Olaf, on Toothless' back, following her. She only hoped that she make it in time.

I don't own HTTYD, RotG, or Frozen. I only own Fortuna and her Nadder, Blue.

Yeah, I know. A cliffhanger.

What will happens next? Will the Boggeyman do something to Jack? Who is Fortuna exactly? Can she save the day? And what with the lights?

Find out on the next (and last) chapter!

7. Fighting the Boogeyman

"The Boogeyman..." whispered Jack. As the Boogeyman walked closer to Jack, the young teen hugged his little brother even harder.

"What do you want?" shouted Jack, but the boogeyman just smirk.

WHUSS...

Just then, there was a golden arrow appeared out of nowhere and struck right between the bogeyman and Jack. "LEAVE THEM ALONE, PITCH!" All (except Hiccup) looked toward the door. Standing there was Fortuna with a bow in her hand, and Toothless (with Olaf on his back) beside her growling.

"Well, well, well. Why, it's Fortunova." Said Pitch with an evil grin on his face.

"You wanna taste my arrow again, Pitch?" asked Fortuna, who is actually Fortunova, with a groan as she pulled her bow-string. An light arrow appeared, ready to fire. "Why don't you just leave and never return?"

"I'm afraid I can't," said Pitch. He then glanced at Jack, who was hugging his little brother even closer, realizing that that man is pure evil. "You see, I'm here to collect my 'present'."

"What 'present'?" asked Fortuna taking a step even closer. "You never had a present, since the dark ages."

Pitch shook his head as he chuckled. "Yes, well, what do you know about the dark ages, Fortunova?"

"The Guardians kick you butt for the first time," said Fortuna with a smirk on her face, making Pitch scowled. "And now, it's my turn!"

She let go her arrow, letting it to strike Pitch. But the boogeyman easily caught it with his two fingers. The arrow melted into black sand.

"So this is the best you can do?" asked Pitch with a smirk.

"Toothless fire!" shouted Fortuna as she point at Pitch. Toothless opened his mouth and shot out a plasma blast. It hit Pitch right on his chest.

Olaf jumped down from Toothless and ran toward Jack. "Jack, I'm Olaf," said the snowman. "I love warm hugs and brought your staff."

Jack smiled and took the staff. "Thank you Olaf," he said, Olaf just giggled. But then he saw Pitch standing up again, he hid behind Jack.

Pitch gathered black sand around him and stroke it at Jack. Jack eyes widened then shut his eyes.

"LOOK OUT!" Fortunova pushed Jack (and Hiccup) out of the way, letting herself to got hit, sending her to the wall behind her and fell with a thud.

"Now that she's out of the way." Jack turned toward Pitch, his staff raised ready to strike. He shot like lightning-ice toward Pitch but the boogeyman easily abosorbed it with his sand. "That little trick won't work on me."

Toothless showwdnhis teeth and jumped in front of Jack and Hiccup, protecting them.

Pitch than noticed Hiccup's hair changed color into white. At first he didn't really care about the scrawny little but Pitch smirked. "Look at the little boy there," he said gesturing at Hiccup. Jack turned at Hiccup and his eyes widened.

"You did that," said Pitch. "Now he's slowly die frozen."

Jack shook his head. "No, no, no-"

"But I can help you."

Jack turned again at Pitch. "You... Can?"

Pitch smirked. "Yes I can. I can help you control your winter power. I may can help you with your brother." For the first time, Jack felt there maybe hope.

"Don't listen to him!" Jack turned to Fortunova who's trying to stand up again. "He'll trick you."

Pitch offered his hand. "What do you say, Jackson Overland Haddock the First?"

Hesitated, Jack reached toward Ptch's hand...

"HO HO HO!"

Pitch pulled back his hand, and so dia Jack.

CRASH!

A giant sleigh chrashed from theice wall between Jack and Pitch. A big Russian man with double swords jumped from the sleigh. Also, a long soft ears came out, and revealed a giant pokka with a pale face, muttering, "I knew I should've take the tunnel."

"You called them?!" ahouted Pitch angrily at Fortunova who only smirked.

"You got a problem with that, Pitch?" the Russian man laughed. Pitch growled and used his blacksands to make a scythe.

"Santa Clause...?" Jack whispered,looking at the Russian man. He turned to the giant pokka. "...And the Easter Bunny?"

"Fortunova, are you okay?" Jack turned to Fortunova who was being hugged by a hummingbird-like lady. "Tooth fairy?"

Not far from the tooth fairy and Fortunova, Olaf watchingnthem confusedly. "Wait. Fortunova?" he asked while pointing at Fortunova.

Only a second later, and lump man, like made out of golden sand came floating from the big hole on the ice-wall. "Sandman too?!" Jack shouted in frustration. "Why are all the childhood stories here?"

Pitch looked at the our new comers, one-by-one. He growled. "The Guardians of Childhood."

_._

A few minutes before...

_._

"Have you seen Fortunova?" asked North. Sandy shook his head, and so as Tooth and Bunny.

The Guardians of Childhood gathered at the North Pole. As usual, Fortunova didn't show up. Usually they will found her with her Deathly Nadder dragon, Blue, somewhere in the North Pole. Yet, now they couldn't find her anywhere.

"Why are you so worry about that girl?" asked Bunny with an annoyed tone. "She's the Guardian of Teleportation, she could wander of to anywhere in the globe. I won't be surprise that we will find here in China."

"But she has been gone for two days," said Tooth with a worry tone. "Usually, she will come back before sunset. What if something hapoened to her?"

Sandy made a question mark with his dreamsands on top of his head. Just then he saw something glittering on the sky. The Nothern Light!

He looked toward his friends who were busy with the is own problems, North and Bunny arguing about whose holiday is the best, while Tooth giving her mini-faries commands and directions to collect children's teeth.

Sandy frowned. He looked to the elf who was standing right beside him, licking an empty eggnog cup. He grabbed the elf by its hat then shook his as hard as he can.

RING...

Finally gaining everybody's attention. He dropped the elf tghen pointed at the sky.

North was the first one to realize it. "That's Fortunova's light!" he shouted. She's n trouble! Sandy why you didn't say anything earlier?!"

Some sand-steams came out from Sandy's ears but soon he joined the other guardian to save their youngest member.

_._

Present day...

_._

Tooth let go of her hug. "Where have you been, young lady?" she asked with a motherly tone. "We were so worry about you!"

Fortunova only scratched the back of her head. "Here. There... Everywhere."

Pitch grunted then jumped from the ice castle to the bunk of snow bellow. Noeth , Bunny, and Sandy followed him, while Tooth stayed behind for a second.

"You better heal yourself," said Tooth. Fortunova nodded. She flew, following the other Guardians.

Meanwhile, Jack hugged Hiccup tighter., but he was still looking at the big hole on the wall. "I'm gonna regret this," he muttered. He then laid Hiccup on the icy floor and gripped his staff tighter.

"Wait, where are you going?" He stopped his track and turned to saw Fotunova standing a few feet behind him.

"Please, take care of my brother!" he said. "I have a Boogeyman to catch."

With that he jumped.

.

"How dare you to come here, Pitch," North demanded.

"I can go anywhere I want," Pitch spatted, backing up from the Guardians who were started to surrounded him. "You can control

me!"

"Then we'll just have to send you back to under your bed!" Bunny threw his boomerang at the Boogeyman, but Pitch ducked. He made a scythe from his black sands and started to attack the Guardians.

They saw a blast of ice from above, and a white haired teenager flew down in front of them.

"Why are you here, 'ya bloody-show-pony?" shouted Bunny.

"What?" commented Jack, glancing back at the Guardians. "Not even a simple 'thank you'?"

Pitch raised his hands. Black sands surrounded all the Guardians (and Jack). The black sands changed in to some black horses.

"Some of us take the ones on the left, while the other take the ones on the right?" said Jack, a bit unsure.

"Sound like a plan," commented Bunny.

Pitch came from between the black horses, riding his own horse. The Guardians and Jack prepared for what come next.

"Boo."

The battle start!

.

Hiccup slowly opened his emerald eyes. The first thing he saw is Olaf, standing in front of him the gave him a 'big' hug.

"You're okay," the snowman giggled. "Hey, Fortunova. Hiccup's awake now!"

Hiccup tried to stood up as Fortunova ran toward Hiccup. "Hiccup, how do you feel?" she asked.

Hiccup shivered. "A bit cold." He then realized something. "Wait. Where is Jack?!"

Just before Fortunova could answered the heard a loud-

BOOM!

Hiccup saw the giant hole on the wall and ran to it. For some reason he felt so weak, he had to leaned against the ice wall. Bellow them, he saw a great battle between black and other colors. But one color got his attention.

Blue and white.

"Jack!" he shouted. He fell to the floor, breathing heavily. He could heard Fortunova gasped. He looked at his own reflection on the wall. And gasped.

All of his hair are white and his skin became paler.

He shivered again and called his buddy. "Toothless!" The Night Furry immediatey ran toward his master. Hiccup (clumsily) got on the dragon saddle.

"No! Hiccup!" Ignoring Fortunova's shouting, Hiccup and Toothless took off to the battlefield.

.

"Hiccup, get back here!" Fortunova shouted as loud as she could, but Hiccup didn't hear her, or just ignoring her.

"Damn," she cursed. The girl grabbed her bow and put two fingers, whistled as loud as she can.

Her Deathly Nadder soon flew toward her. She jumped to the saddle. "Come on, Olaf!" she shputed to the snowman. Olaf giggled then jumped to Fortunova.

.

Hiccup and Toothless landed to the ground. He saw Jack and the Guardians finally managed to defeat all the black horses. Now Pitch was backed up against the outer ice castle wall.

"It's over, Boogeyman," said Jack. "There's no place to hide."

But, Pitch 'melted' into a shadow. Jack and the Guardians looked around for the Boogeyman. Hiccup climbed down Toothless and ran toward Jack.

His eyes widened when he saw Pitch raised his scythe above Jack.

"Jack!" Hiccup shouted as loud as he can, but his brothe could hear him.

.

From the sky, Fortunova and Olaf (on Blue) flew as fast as they can to stop Hiccup. "Hiccup! Don't!"

.

Hiccup ran between Jack and Pitch. "NO!"

His whole body turned into ice.

.

A huge wind threw Picth backward when his scythe collied with Hiccup's frozen hand.

Jack watched in horror at his frozen brother. "HCCUP!" he cried. He hugged his brother.

The Guardians hung their head down.

Olaf and Toothless walked toward the group. But when they saw Hiccup

frozen body, they hung their head down too.

Sandy watched Pitch tried to got away, but he also saw Fortunova chasing him.

He followed the girl.

.

"Don't move." Pitch turned around, only to saw Fortunova, with her bow loaded, pointing at his.

"You cannot kill me!" Pitch shouted. "There will always be fear!" He then smirked. "And your fear is that you're afraid that all of this just a nice dream, and you'll wake up all alone again."

Fortunova shouted and release her arrow, but Pitch already melted into shadow, with an evil laugh.

"Damn it," she cursed. She felt a small hand on her shoulder. She looked up and saw Sandy with a worry face.

The Guardia of Dream hugged Fortunova. The girl cried on his hug.

.

Jack still hugging a frozen Hiccup. But nobody notice from Hiccup chest, the ice melted.

Olaf was the first to notice. The snowman gasped.

Toothless also realized it. He let out a toothless smile.

North, Bunny, and Tooth then noticed it too. Nort and Bunny gasped while Tooth put both of hands in front of her lips.

Hiccup, now unfrozen, shivered. Jack looked up to Hiccup face. "HICCUP!"Jack hugged his little brother.

"Oh Jack," Hiccup sighed.

They let go of him. "You sacrificed yourself for me?"

Hiccup smiled. "You're my brother. I love you."

Tooth smiled. "An act of true love will thaw a frozen heart."

"Love will thaw..." Jack muttered. His eyes widened and he grinned widely. "Love, of course!"

"Jack?"

Jack raised his staff to the air.

.

Meanwhile at Berk, Astrid and the others teen were giving some blanket to the children and women.

That's until Tuffnuff ahouted. "Whoa! The snow're flying from the ground."

Astrid saw around her. She could see green grass. The snoq from every corner and roof raised toward the sky and floated across the ocean.

"Hiccup." Astrid smiled. "He did it."

.

Hiccup could see some snow floated from across the sea, guessing from Berk, flew above them and formed a giant snowflake Then burst in to smaller flakes.

He put a hand on Jack shoulder. "I knew you could do it," he said.

Olaf started to melt, but he doesn't care. "Hands down," he said. "This is the best day ever." His carrot nose and twig arms fell down. "And probably the last."

"Olaf. Hang in there, little guy," Jack giggled. With his staff he rebuilt Olaf. And added a snow cloud above him.

Olaf gasped. "My very own personal flurries," he giggled.

Fortunova smiled. That's until she felt his right ears being pulled by a big handa. "OW! OW! OW! NORTH!"

North let go of his hand from Fortunova's ear then folded his hands across his chast. "You have a lot of explanation to do, young lady. And you're grounded."

Fortunova still rubbing her ear. "I deserve that," she muttered.

Hiccup and Jack shared a hug again.

They returned to Berk. Astrid immediately kissed Hiccup as a welcome back present (after punched his shoulder for leaving them behind).

And they live happily ever after, and ffree

"Oh, sorry about that," Jack apologized, offering a hand to the fallen girl.

Fortunova blushed then took Jack's hand. "Thank you," she muttered.

Tuffnuff, who was passing them, shouted. "THE CHIEF HAVE A GIRLFRIEND!"

The whole village and the Guardians (who decided to stay for a while) surrounded the two teens.
